

Dictionnaire d'histoire et de géographie Ecclésiastiques (DHGE)

An incomparable source of information for anyone
interested in the history of the Church

The *Dictionnaire d'histoire et de géographie ecclésiastiques Online (DHGE)* is an unparalleled source of information for anyone interested in the history of the Church. The *DHGE* has a wide coverage, including all continents and the period spanning Antiquity to the present day. The *Dictionnaire's* entries are divided into three distinct groups based on whether they deal with people, places or institutions.

The **people** that are included in the *Dictionnaire* are those who have played a role in the history of the Church either through their work or their writings. The second type of entry in the *Dictionnaire* deals with the **Church's geographic history**. Independently of the religious history of each country, the entries alongside the maps provide a history of the ecclesiastical provinces, i.e. the dioceses. As far as possible, a complete list of the bishops of each diocese concludes each monograph. The history and development of abbeys, priories and famous religious places can also be found in the *Dictionnaire* and, here also, there is a list of the abbots, priors or superiors associated with each one. The last group are entries dedicated to the **main ecclesiastical institutions** described from a purely historical perspective.
